

**SILVER OAK
UNIVERSITY**
EDUCATION TO INNOVATION

Journal List

Institute Name:	Silver Oak College of Computer Application	Programme Name:	Master of Science Data Science
Semester:	1	Academic Year:	2026-2027
Course Name:	Information and Data Security	Course Code:	DSM5061C

1. International Journal of Information Security

Description: Covers research in information security, cybersecurity, cryptography, privacy, authentication, risk management, secure information systems and emerging security challenges.

Link: <https://link.springer.com/journal/10207>

2. Computers & Security

Description: Publishes research on computer security, network security, cyber threats, vulnerabilities, data protection, security management and secure computing environments.

Link: <https://www.sciencedirect.com/journal/computers-and-security>

3. ACM Transactions on Privacy and Security

Description: Focuses on privacy and security technologies, access control, authentication, cryptography, privacy-preserving systems and secure computing.

Link: <https://dl.acm.org/journal/tops>

4. IEEE Transactions on Information Forensics and Security

Description: Covers information security, digital forensics, cryptography, authentication, intrusion detection, secure communication and information protection technologies.

Link: <https://ieeexplore.ieee.org/xpl/RecentIssue.jsp?punumber=10206>

5. Journal of Cybersecurity

Description: Covers cybersecurity risks, threat management, security governance, cyber resilience, human factors and organizational cybersecurity practices.

Link: <https://academic.oup.com/cybersecurity>

6. Journal of Cloud Computing

Description: Focuses on cloud computing technologies, cloud security, privacy, distributed systems, cloud architecture and secure cloud services.

Link: <https://journalofcloudcomputing.springeropen.com/>

7. Big Data Research

Description: Covers Big Data management, analytics, data security, data privacy and security challenges associated with large-scale data environments.

Link: <https://www.sciencedirect.com/journal/big-data-research>

8. IEEE Access

Description: Publishes multidisciplinary research covering cybersecurity, artificial intelligence, cloud computing, Big Data, privacy and emerging secure technologies.

Link: <https://ieeeaccess.ieee.org/>

9. Information and Computer Security

Description: Focuses on information security management, security governance, risk management, security policies, compliance and organizational security practices.

Link: <https://www.emerald.com/insight/publication/issn/2056-4961>

10. International Journal of Information Management

Description: Covers information management, data governance, digital transformation, information security, privacy and organizational data management.

Link:

<https://www.sciencedirect.com/journal/international-journal-of-information-management>

11. Journal of Information Privacy and Security

Description: Focuses on information privacy, personal data protection, privacy risks, privacy management and organizational privacy practices.

Link: <https://www.tandfonline.com/journals/wjps20>

12. International Journal of Cybersecurity Intelligence and Cybercrime

Description: Covers cybersecurity intelligence, cybercrime, digital threats, cyber investigations, security awareness and emerging cybersecurity challenges.

Link: <https://vc.bridgew.edu/ijcic/>
